

THE EEF SUPPORTING FB EMPLOYEE: RENEE MIKA

Tuition provider: Unitec

Duration of EEF support: 2008 – 2020
 Due to lockdowns graduation ceremony was 2021

Renee has recently completed her Postgraduate Diploma of Construction – Quantity Surveying.

Renee has received excellent results as well as balancing a full-time workload, studying somewhat full time and a family. Topics covered included Construction Industry Environment. Construction for Small, Medium & Large Buildings. Cost Planning. Environmental Impact. Estimation for Small, Medium & Large Buildings. Materials & Structures. Measurement for Small, Medium & Large Buildings. Building Services & Civil Works. Professional Practice for Construction. Site Safety Quality Assurance Planning. Financial Law/Admin Construction Contracts. Construction Industry Procurement. Programming for Small, Medium & Large Buildings.

Renee is currently a Project Manager – Digital Fletcher Construction Infrastructure / Brian Perry Civil based at the Asset Hub (Plant yard) In Drury. Renee is extremely grateful for the funding she has received from the FB EEF and says without the financial backing and support received from FB EEF this would not have been possible. The past four years has benefitted both my personal and professional development. Alongside the knowledge learnt in class I have strengthened my ability to give equal attention to multiple projects, and the support I received from the Fletcher business throughout this process has been invaluable. I love applying the knowledge I have gained in the workplace, and it has allowed me to progress in my current role. Additional In 2020 celebrating 20 years of Service. My future is now unlimited.
